

GIS Internship

COMPANY SUMMARY

Are you ready to gain valuable experience with a technology firm that is creating cutting-edge products?

Then join the geoAMPS team and be part of a software-product organization that has a cool work culture, great work atmosphere and amazing growth potential. We are currently hiring a **GIS Intern** for our office in Powell, Ohio, and we would love to talk with you about your education, work experience and career objectives.

geoAMPS is the market leader in providing software solutions to manage land rights and infrastructure assets. geoAMPS was founded on a simple notion: offer the best technology solutions while forming lasting relationships with our clients. We are pushing the industry forward by bringing state-of-the-art technology, increased communication and quicker project completions for our customers.

JOB SUMMARY

We are in need of a GIS intern skilled at utilizing the ESRI ArcGIS suite of products. This temporary position will collaborate with GIS developers and analysts to publish REST Services from shape files for our clients. The ideal candidate will also have experience programming GIS solutions using Python, C# and JavaScript. You will be part of a project that will provide the necessary infrastructure improvements for enabling our company continued grow. *This is a paid internship.*

TECHNICAL REQUIREMENTS

- Must be well versed in ArcGIS for Desktop, including ArcMap and ArcCatalog
- Experience programming GIS solutions using Python, C# or JavaScript a plus
- Must have the ability to observe symbology of currently published services and accurately reproduce in a new service
- Able to import shape files to an enterprise geodatabase
- Strong written and verbal communication skills
- Ability to work well in a team environment

WHAT'S IN IT FOR YOU

- Being an integral part of a dynamic, growing company that is well-respected in its industry
- As geoAMPS continues to grow, the potential for career growth is exceptional

***You must be legally entitled to work in the United States in order to apply for this position. geoAMPS is an equal opportunity employer.**
